House Votes To Boost Lowest Wage To 75c

Bill Takes Million From Wage Law

Washington, Aug. 11 — (AP) — The House voted overwhelmingly today to jump the national minimum wage from 40 cents an hour to 75 but take perhaps 1,000,000 workers out from under the wage-hour law.

It passed 361 to 35 a bill by Rep. Lucas (D-Tex.), who led a coalition of republicans and southern democrats in fighting a compromise administration bill.

The outcome could be counted a partial victory for President Truman, in that it allows the 75-cent minimum wage he asked months ago. This has written into the Lucas bill by vote of the members.

No Definite Figure
Lucas himself had no figure on how many workers his bill might take out from under protection of the law. Wage-hour administration experts and House labor-committee staff members agreed: no accurate figure could be given now, but they estimated it would top 1,000,000.

The administration's bill, sponsored by labor chairman Lesinski (D-Mich.), would have increased coverage of the law by about 600,000 workers. The law now covers approximately 20,000,000.

The Lucas bill went to the senate, where a minimum wage bill is on the calendar. The Senate bill would raise the minimum to 75 cents and tighten federal restrictions on child labor, but not change coverage of the law.

Today's House vote was only a formality. The real tests came yesterday when the bill was shaped in a series of votes.

Alters Coverage
The Lucas bill would alter the coverage for workers engaged in production for interstate commerce. It would apply only to those considered "indispensable" to such production. The law now covers those "necessary" to this production.

The bill as passed would not give the wage-hour administrator the authority for making rules and regulations proposed in the administration bill.

The Lucas bill would exempt employees of local retail and service establishments. A local retail establishment is defined as one doing half its business within the state where it is located, providing three-fourths of its sales are not for resale but are recognized as retail in its business or industry.

Also exempted in the House bill are seamen, fishermen, farm workers, employees of daily, weekly and semi-weekly newspapers of less than 5,000 circulation, suburban street-car and bus operators, taxicab drivers, employees of telephone companies with fewer than 500 subscribers, and employees of small sawmills hiring fewer than 12 workers.

Reports Illinois Corn Crop Will Be 550,000,000 Bu.

Springfield, Ill., Aug. 11 — (AP) — A 550,000,000 bushel corn crop second to none in Illinois history was forecast today by the state-federal agricultural departments.

Near record soybean production of 74,600,000 bushels, just 3,400,000 bushels under the 1946 peak yield, also was predicted.

If the estimates based on Aug. 1 condition are borne out, the corn harvest would average 61 bushels an acre and duplicate the all time high output of a year ago.

Excellent July growing weather caused the crop experts to raise their sights 9,000,000 bushels above the corn outlook a month ago.

There were few reports of worry, ordinarily the farmer's biggest worry, in the midsummer heat. Some damage from grasshopper and corn borer infestations was noted but not enough to materially affect yield prospects.

Priest Buried 4 Days By Quake Is Brought Out Alive

Quito, Aug. 11 — (AP) — A priest buried four days in the ruins of the Ambato cathedral has been brought out alive, reports reaching Quito said today.

The priest, Father Juan Bautista Palacios, was in the huge cathedral Friday, teaching 500 catechism students, when the earthquake leveled the building. All the students were killed.

A supporting arch fell across the priest's body, shielding him from the huge granite stones of the crumbled edifice.

Ford Plant Employees Vote 7-1 To Strike

Detroit, Aug. 11 — (AP) — A whopping strike vote today gave the CIO United Auto Workers a free hand in calling a Ford walkout.

UAW President Walter Reuther said, however, there would be no immediate strike. Contract talks will continue for a while at least.

In the state-conducted strike vote, Michigan Ford employees rolled up a 7-1 majority for a walkout. This handed the UAW extra ammunition to back up its drive for worker pensions.

Ford Motor Co. said the returns did not alter its position. The company has refused during two months of bargaining to consider any wage increase.

The union's international executive board met at noon (CST) today to cast on election results. It was expected to authorize union officers to order Ford's 106,000 hourly workers out whenever they see fit. Reuther said, however, that no announcement on the board's action would be forthcoming today.

Michigan law made the election necessary. The UAW could not legally call a walkout in the vital Michigan plants, which employ more than 60,000, until a favorable vote had been obtained.

The huge total of 75,290 ballots cast came as a surprise. It was 93 per cent of eligible voters.

The final count listed 65,001 for a strike and 9,549 against in 17 Michigan plants. Officials set aside 680 ballots.

Ford has insisted that wages be frozen at present levels for 12 months. In its stand, the company has become industry's first line of defense against the CIO's pension campaign.

The UAW is demanding \$100 monthly pensions, health benefits and a cost-of-living wage increase. Contract talks are continuing on a day-to-day basis. Either side may break them off on five-days notice under a mutual agreement.

Can 'Do Anything'
The B-36, he added, can "do anything" as a combat craft.

Kenney's flat endorsement of the plane he said three years ago he had "no faith" in, came as the committee went into the third day of its investigation of the superbomber's history to see whether any political or business influence was involved in the production contract with Consolidated Vultee Aircraft Co.

These were other highlights:
1. Robert P. Patterson, former secretary of war, said he accepted "full responsibility" for giving Consolidated the order for 100 B-36s in 1943 even though the planes had not then been tested. He acknowledged that the action was "most unusual" but said that when he came into the war department he was "shocked" to find "how weak were in the air."

Gave Go-Ahead Signal
Patterson said he gave the go-ahead signal after Tom Girdler, then head of Consolidated, came to him and promised to beat the production schedule by "10 months" if his company was given a 100-plane contract.

After consulting air force officials, Patterson said, "then and there I gave him the order for 100 B-36s."

Committee Counsel Joseph B. Keenan asked Patterson whether his decision was "motivated in any way" by the ownership of the Consolidated concern. Patterson replied:

"Not in the slightest. I didn't have the faintest notion who had financial interest in Consolidated. I hadn't met Girdler until that day in 1943."

2. Lt. Gen. Curtis Le May, who succeeded Kenney last year as chief of the strategic air command, testified that the B-36 "will fly any combat mission that I can foresee."

He backed Kenney's view that no known fighter plan would be effective against the high-flying bomber. Le May said a night fighter "might" catch a B-36 under some circumstances but it would only be an accident.

Kenney Says No Fighter Can Touch Giant Bomber

Washington, Aug. 11 — (AP) — Gen. George C. Kenney, who once wanted to scrap the B-36 program and turn the 10,000-mile bomber into a flying filling station, boasted today: "no body has a fighter plane that could touch it."

"As a night bomber operating over 40,000 feet, it is perfectly safe to take it anywhere," the 60-year-old Pacific war veteran told the House armed services committee.

Levelling Off May Show That Worst Of Polio Is Over

By The Associated Press
The spread of infantile paralysis leveled off in early August—normally one of the worst periods of the year—and health leaders in some areas of the nation expressed the hope the worst may be over.

Polio still is mounting in nearly every section of the country, an Associated Press survey showed today, but the rate of increase is holding steady.

(The U. S. Public Health service, in a report for the week ended August 6, said the rate of increase was slackening compared with late July. The health service said new cases increased only 25 per cent over the week ended July 30, while that week was 36 per cent ahead of the previous week.)

A state by state check showed some 3,100 new cases have developed from July 31 through August 9. The first four days of that period brought 1,400 new cases and the last five, 1,750 cases. The average was some 350 new cases a day.

A Milwaukee businessman told the senators he sent the freezer to Vaughan. It was paid for, said witness Albert J. Gross, by the Albert Verley Co., Chicago perfume manufacturers.

Several other Washingtonians got home freezers paid for by the Verley company, Gross added—and he was stopped at about that point, while senators and staff members buzzed among themselves.

Chairman Hoey (D-N.C.) ruled that the special investigating subcommittee didn't know yet whether the freezers were purchases or gifts.

He stopped the line of testimony, pending further evidence.

But Mundt, speaking swiftly, already had slipped into the record a remark that it was the "assumption" Vaughan had not paid for his freezer.

Mundt and a fellow Republican, Senator McCarthy (Wis.), "reluctantly" agreed to halt the questioning. Mundt complained, however, that Hoey's ruling left "an aroma of mystery."

It was not the only aroma. As tension heightened in the small and crowded hearing chamber, Senator McCarthy broke it by suggesting the committee staff might try to find Senator Mundt some cigars "with tobacco in them." Mundt pined in the laughter and went on emitting billows of smoke.

Truman Says Hoover Speech On Collectivism Is 'Funny'

Senate 5% Probe Hears Mention Of Freezer Given To Vaughan

Washington, Aug. 11 — (AP) — A fleeting mention of the shipment of a deep freezer to Maj. Gen. H. H. Vaughan created today what Senator Mundt (R-S.D.) called an "aroma of mystery" in the senate investigation of "five percenters."

But President Truman told his news conference the frequent mention of his army aide in the senate probe had not changed his opinion of Vaughan. He made to be suspended, as two other generals have been.

President Also Defends Gen. Vaughan

Washington Aug. 11 — (AP) — President Truman said today the remark of former President Hoover that the nation is "on the last mile" of the road back to collectivism sounds funny to him and he doesn't think it is so.

The retort, accompanied by a chuckle, came at a news conference when a reporter asked about the speech Hoover made at his 75th birthday ceremony yesterday at Palo Alto, Calif. The newsman did not mention the former President by name but quoted the reference to collectivism.

DARK OUTLOOK FOR WHITE HOUSE

The White House architect says it may take two years to make the President's home safe to live in again. If that gloomy forecast proves accurate, President Truman may go down in history as the chief executive who spent less time in the White House than any other two-term on record.

Than any since John Adams that is, for he was the first president to live there. Possibly Governor Dewey wouldn't have been so eager for Mr. Truman's job if he'd known it meant living in modest Blair House instead of the fabled white mansion across the street.

WE'RE STILL AHEAD

The Atomic Energy Commission has reported that the United States is now producing atom bombs on a factory basis.

Possibly no statement could be more reassuring to Americans who are worried over the prospect that Russia may be getting close to production of the bomb. Scientists have been saying for some time that there are no real secrets in atomic energy and that it is only a matter of time before the Soviet Union will put together a successful bomb.

But they have told us also that our real advantage is the industrial "know how" that enables us to carry out on a big scale the complex processes needed to turn out bombs in substantial volume.

It is comforting to hear that the "know how" is working so well.

MAKING MORE OF WHAT WE NEED

The British dollar dilemma woke us up to the fact that deep-seated shifts in the world trade pattern lay behind the economic problems plaguing the world. One of the most significant changes taking place is a growing self-sufficiency for the United States in certain fields where it was formerly dependent on foreign supply sources.

This country is attaining that greater economic independence through expanded use of synthetic and other substitute products. In several cases, war's interruption of normal overseas trade lines spurred development of domestic alternatives.

Some examples: Chemical detergents are cutting steadily into the market for regular soaps, with resulting damage to the demand for such South Pacific products as copra and palm oil, prime ingredients in ordinary soap.

The huge growth of American nylon production has all but wiped out the market for Japanese silk. This has been a grave handicap to Japan's postwar recovery.

Synthetic rubber production, developed during the war when East Indian sources of natural rubber were seized by the Japs has stayed in the picture after the war. It is an increasing threat to the future American demand for the natural product.

While the United States is still importing oil heavily from the Near East, Venezuela and other points, the nation has under way some costly experiments in the conversion of coal and gas into liquid petroleum. Should these experiments pan out and permit commercial-scale output of synthetic fuels, the time would come inevitably when the United States would pretty well forget about foreign oil sources—except perhaps the promising new fields in neighboring Canada.

America already makes more of what it needs than most countries. And now its ingenuity, driven faster by the war, is spreading self-sufficiency to still more fields.

On the other hand foreign nations, their resources badly depleted by the war need more desperately than ever to sell their products in our markets. Unless they do, they can't get the dollars they require to buy the goods they want from us. In other words, it is this problem of the American advance that the Marshall Plan seeks to solve. It is clear this program will provide no permanent solution unless it somehow attacks the basic maladjustments growing out of such trade shifts as we have here outlined.

Guest Speaker

REV. ROBERT SCHUMM

Rev. Robert Schumm, superintendent of the Chaddock Boys' School at Quincy, will be the guest speaker at Centenary Methodist church next Sunday, Aug. 14 during the absence of the pastor, Rev. John W. Collins.

Rev. Mr. Schumm has been superintendent of the boys' school since April 1 this year, going there from the pastorate of the First Methodist church at Decatur.

The new Chaddock executive is director of the City Youth Center of Anderson, Ind., early in his career, after which he was pastor of the Mt. Hope Methodist church, Anderson, Ind., from 1941 to 1945.

Chaddock School has served the Illinois Conference for 53 years in caring for dependent and homeless boys.

Rev. Schumm's subject Sunday morning will be "God Is The Ruler Yet." The public is invited to attend.

White Hall—The annual R.N.A. family picnic will be held Monday, Aug. 22 at Lions Park, with a basket supper served at 6:30 p. m.

Plans for the picnic were completed at a meeting Tuesday night of Evergreen Camp, No. 987 in the I.O.O.F. hall.

Vice Oracle Edith Bishop presided in the absence of the oracle, Dorothy N. Young.

Sixty persons attended the St. Louis Municipal Opera, Tuesday night. The group went by chartered buses, sponsored by the Home Bureau of Greene County to see the production of Roberla.

Those attending from here were: Mrs. A. R. McConathy, Jesse Dean, Garrie Worcester, W. H. Nichols, Clyde Hubbard, A. B. Lewis, Wm. Ritchey, Henry Roehouse, Rose Wulff, Louis Spangenberg, A. L. McClay Jr., Dean Rowe, Otis Joett, Melvin Nash, Bob Hubbard, Gerald Wells, Louise Price, Misses Edith Hyatt, Avis Nichols and Dorothy N. Young.

Phil Clary Will Coach Athletics At Ashland H.S.

Ashland—Two new teachers have been added to the Ashland high school faculty for the coming school year. Phil Clary of Petersburg has been hired as coach and science teacher. He taught at Mendon high last year.

Miss Jane Wolf of Odell will teach music in both the high and grade school this year. She graduated from the University of Illinois this year.

Miss Helen Stuart Reid of this city, and Robert J. Utzinger of Peoria, are now junior staff members of the Illinois Tuberculosis association. Ben D. Kilmington, Jr., executive secretary, announced they would train in tuberculosis control work.

Miss Reid is a graduate of Dunbarton college of Holy Cross, Washington, D. C., is a former staff member of the vocational rehabilitation and education division of the Veterans Administration of Springfield, Utzinger, a graduate of Bradley University, Peoria, served three and one-half years in the Naval air corps as an aviator radioman.

Anybody Here Who Can Do The Charleston?

By HAL BOYLE
New York—(P)—Junior, get papa the kneecap oil—the Charleston's coming back.

What's the Charleston? Why, son, the Charleston is the granddaddy of the jitterbug. Back in the mid-1920s, when everybody had to take shower baths because the tub was full of hand-made prohibition gin, you couldn't even deposit money in the bank unless you proved you could do the Charleston. It showed you were alive.

Do I mean it was a dance? Junior, no dance ever hit the country as hard as the Charleston. It was THE dance. If a man wasn't willing to Shimmy-shimmy back and forth and then risk his right tragal bone by throwing it over his left femur, he was strictly a cad out of tune with time.

Everybody did it. La Belle Joan Crawford started her fame as a dramatic actress as a result of a fancy prize-winning, hip Charleston movement. And Cagney Rogers was able to get her independence from Independence, Mo., because of the same swivel swing. Later some movie critic mentioned that both girls had sparkling eyes. This was a sad discovery.

Simple Agile Movement
It changed them from hoofsters into actresses. And after that a gal covers up her legs, exposes her bosoms like a half-shucked cornucopia, and begins emoting about socially significant themes she doesn't know from dime store jewelry.

But to get back to the Charleston. . . Charleston. . . A simple, primitive, agile movement based some distance below the bust:

"So many young people have come in waiting to dance the Charleston that I have had to teach it to all our instructors," said Charles Columbus, dance director of the Fred Astaire studios here.

Columbus says the dance originated among South Carolina negroes. He can trace the sequence from the Charleston down through "the Varsity Drag, the shag, truckin', the

4 New Members Accepted Tuesday By Amvet Post

At a regular meeting of Amvet Post 100 held Tuesday night with Commander L. S. Ruby presiding, four new members, John W. Grogan, Guy R. Grogan, Olin W. Flowers and Bernard McGrath, were accepted into the Post.

Rex Cox, service officer, gave a report of the 3rd district meeting held recently in Springfield. He told of the child welfare program of the State Department of Amvets and asked the local Post to participate actively in this project. A finance report was given by Russell Armstrong, finance officer.

L. S. Ruby was elected as delegate and Wayne Herrin elected as alternate to the National convention of Amvets to be held in Des Moines, Iowa on September 3, 4 and 5.

The program committee announced that the St. Louis Cardinals-Pittsburgh Pirates games Friday and Saturday nights would be televised and invited all Amvets and their families to visit the Amvet Club on these nights to witness these games.

Following the business meeting a social hour was spent jointly with the Auxiliary and refreshments were served.

Plan Rites For John Wellington

Carrollton—Funeral services for John Wellington will be held Friday afternoon at 2 o'clock at the Simpson Funeral Home in Carrollton. Rev. Laurel Grigg, pastor of the Carrollton Baptist church will officiate. Burial will be in the city cemetery.

Committal services will be conducted Friday afternoon at 2 o'clock for Miss Josie Dunsworth at the Carrollton cemetery. Rev. Father Michael Enright of St. John's church will officiate.

Funeral services will be held Friday morning in Galesburg, where Miss Dunsworth died at the home of her nephew and niece, Dr. and Mrs. Flynn. Miss Dunsworth was the daughter of the late Mr. and Mrs. John Dunsworth of Carrollton.

Lindy hop and jitterbugging." But it leaves him a little leg weary—when he demonstrates.

Veteran Dancing Star

He is a veteran dancing star himself who twinkles-footed some 25 years ago on Broadway. He has done the ballroom specialties, thrown the girls over his back for old time place theater vaudeville audiences in adagio routines. And like any showman he still wants to give the paying customers any particular muscular madness he prefers. The studio has a \$40,000 machine to whirl any desired musical rhythms to each of 34 separate dance rooms.

"There was nothing like the Charleston for popularity," Columbus said. "They danced it in the living rooms, the kitchens, the back porch, and standing up in rumble seats."

"Its popularity now is part of the current revival of old times. They show it in the movies with the music of that time—and people want to dance it again."

69 Young People Attend Sessions At Bishop Dell

White Hall—Forty-nine girls and 20 boys attended the Bishop Dell School Youth Camp of the Sandy Creek Association which ended last Saturday, the boys attending the first three days and the girls the last three days of the week.

Harold Spencer of Carbondale entertained with a pet flea circus. The music was in charge of Hope Willis. This was considered summer field work for the states of Kentucky, Ohio, and Illinois and closed with a pageant and the burning of a huge cross on Saturday night.

Lucille Dawdy was Camp Director. Rev. Lloyd Spencer attending as an associational missionary. Teachers were Mrs. Eunice Drury, Mrs. Gerald Kirby, Mrs. Sula Smith, Rev. Elmer Smart, Mrs. Veima Newingham, Mrs. Marjorie Mason and Mrs. George Worrell. Hal Barber, Lloyd Spencer and Bernard Bonfill supervised the cooking of the meals for the school.

THE DOCTOR SAYS

Watchful Waiting

Main Treatment

In Stroke Cases

By EDWIN P. JORDAN, M. D.
Written For NEA Service.

Either a clot or some bleeding from a blood vessel in the brain is commonly called apoplexy or a "stroke." Hardening of the arteries and high blood pressure usually precede a stroke of apoplexy. Both are rare before the age of 40.

A hemorrhage (bleeding) is somewhat more likely to come on suddenly than a clot and this is of some help in distinguishing between the

two. The symptoms of both conditions, however, depend on the amount of brain tissue damaged. In other words, if the clot closes off a large blood vessel, a large area of the brain will be affected. The size and location of the hemorrhage also determines the amount of damage.

When the area injured is large, unconsciousness usually comes on. The breathing becomes noisy. The muscles on one side of the body—the one opposite the side of the brain affected—become paralyzed. Feeling or sensation is not affected.

RECOVERY VARIES

The amount of recovery from a stroke depends on the original size of the hemorrhage or clot and what part of the brain is hit. Recovery starts early. The amount of paralysis present is usually greatest at the beginning and tends to become less as the time goes on. Some people who have had an extensive paralysis recover almost entirely.

It is rarely possible by medical or surgical means to get at the brain to remove the clot or to stop the bleeding. Watchful waiting is therefore about the only treatment which can be used immediately. Complete rest is, of course, essential. Good nursing care is important.

After a while carefully chosen exercises or massage may help. The paralysis, however, comes from the injury to the brain and is not in the muscles themselves and therefore one cannot expect too much from treatment.

THE DOCTOR ANSWERS
By Edwin P. Jordan, M. D.

QUESTION: A friend 56 years old has had cramp-like pains in his leg. What could be the cause of this and what could be done for it?

ANSWER: The description is meager but if the cramp-like pains come only after exercise, the most likely diagnosis is "intermittent claudication," a condition which is caused by poor circulation due to hardening of the arteries in the leg. Treatment is often not too successful.

In Norway a man often takes the name of the land he buys or of his wife if she happens to be the oldest child in her family.

Two Fire Trucks In Demonstration For Woodson Area

Two demonstrations of how village and farm fires can be fought effectively with modern equipment were given in the Woodson community Wednesday afternoon and evening by the Fire Fighter Truck Co. of Rock Island, Ill.

Two fire trucks equipped with motorized pumps, ladders and tanks were taken to Woodson for the afternoon demonstration, given for the Woodson Men's club, officials of the new fire protection district, and other interested spectators.

The Woodson fire protection district, organized as the result of an election several months ago, is considering the purchase of fire fighting equipment.

Later in the evening the visiting fire trucks were taken to the farm of Earl Hembrough, southeast of Jacksonville, where wood and oil fires were extinguished with high and low pressure hose.

One of the trucks is equipped with a 750 gallon tank, the other with a 500 gallon tank. Water also was pumped from the Hembrough pond.

About five hundred persons saw the two demonstrations.

The two trucks from Rock Island were parked overnight near the Jacksonville fire station.

H. J. Rush, a partner in the Rock Island company, was in charge of the demonstrations. He was accompanied to Woodson by James Van, salesman, and Tim Taylor, engineer.

JACK BENNY MAY ATTEND FAIR'S OLD CAR PARADE

Springfield, Ill., Aug. 11—(P)—Jack Benny has been invited to enter his much abused Maxwell in an antique automobile show at the Illinois State Fair.

The radio and film comedian's secretary advised Secretary of State Edward J. Barrett that the Maxwell is "purely mythical" but that Benny may be on hand for the tin-lizzie parade.

Aug. 14, Burrus Reunion, Nichols park, Jacksonville.

Springfield, Aug. 11—A total of 23 musical and marching units will participate in the 16th Annual Veterans' Day competition at the Illinois State Fair Grounds, Sunday, Aug. 14, according to Ray Byers, Springfield, chairman of the Illinois Legion's Veterans' Day Commission.

Most of the units entered are American Legion sponsored.

The program is scheduled to begin at 1 p. m. (CDT) and will adjourn at 5 with a formal retreat and mass formation. The evening session will reconvene at 6:15, and finals will last from 8 to 9:25.

Governor Adlai E. Stevenson, who will address the crowd at 1:30 p. m., will present awards at 9:45. This ceremony will be followed by the playing of taps and a fireworks display.

A total of \$7,500.00 in cash prizes, in addition to Governor's cups and medals will draw competition in each of the seven divisions.

Entries received to date indicate the following bands will compete: Lincoln Post No. 263, Lincoln, Class A; Peoria Post No. 2, Peoria; South Shore Post No. 388, Chicago; Roosevelt-Aurora Post No. 84, Aurora; (all in Class B).

Senior Drum and Bugle corps entries include: Villa Park Post No. 652, Villa Park; Sharvin Post No. 397, North Chicago; DeKalb Post No. 66, DeKalb, Amvet Post No. 64, Peoria; and Castle-Williams Post No. 105 of Decatur.

Junior Drum and Bugle corps competing are: Quincy Post No. 37, of Quincy; Austin Greasers, Post No. 52, Chicago; and George L. Giles Post No. 87, of Chicago.

Clown band competition will add zest to the veterans show with the following funsters competing: Viridian Post No. 386 of Viridian; Mason City Post No. 496, Mason City; Crang-Bennett Post No. 103, Clinton; V. F. W. Post No. 4547, Gillespie.

Jerry Havelka, famous "one man band" from Fox Lake, Illinois; the North Chicago Majoreens, sponsored by the Sharvin Legion Post No. 397; and drill teams from Bloomington and Abington are other entries announced to date.

Meredosia Homecoming Aug. 26 and 27. Sponsored by American Legion and Meredosia Sportsman club.

Scout Executive To Speak Sunday At White Hall

White Hall—Judson Green, Boy Scout Commissioner of the Quincy area, will speak at the morning services of the First Baptist church here, Sunday at 10:45 o'clock. His topic is entitled "High Explosives."

Mr. Green, son of Attorney and Mrs. Irving J. Green of this city, is manager of an insurance agency in Quincy, and also of the Medical Clinic in that city. A graduate of Washington University at St. Louis, he served previously as field executive of the Boy Scout organization in the St. Louis District. He served four years in the U. S. Army, from which he was discharged as a major.

During the absence of the pastor of the church, Rev. Ben A. Bohn, guest speakers have been engaged.

Dr. Andrew Weaver, president of Shurtleff College at Alton, will speak at the church Sunday evening.

CHARGE OF CRUELTY MADE BY HUSBAND

A charge of cruelty was made by William E. Young against Jane Young in a divorce suit filed by his attorney, Edward J. Flynn. The couple was married Sept. 6, 1941, and lived together until October, 1948.

The plaintiff stated that Jane Young was committed to the State Hospital Dec. 6, 1948.

CARROLLTON

Carrollton—Mr. and Mrs. John Longmeyer left Saturday for Escanaba, Mich. where they are guests of her brother-in-law and sister, Mr. and Mrs. James Van Effen. Mrs. Bertha Witaschek and

daughter, Miss Edna, plan to leave in late August for Hollywood, Calif. where they will make their home with the former's son, Emert Witaschek.

Sheriff and Mrs. Arthur Powell plan to leave Tuesday for Mercer, Wis. where they will spend ten days with Mr. and Mrs. B. A. Peters at their summer home in Mercer.

Start Picking Peaches, Apples Near Glasgow

Glasgow.—The picking of Hale peaches in the Thos. S. Smith orchards between here and Patterson, which has been under way the past two weeks, was expected to be finished this week.

Of the early apples in these orchards, the Wealthies are now being picked, with the picking of the Dutchess variety already finished. The picking of the fall varieties will start later.

All the peaches picked in these orchards and sorted and packed in the packing shed at Drake were reported sold locally. However, many of the apples will be shipped to Chicago for disposal.

Takes State Exam
Miss Barbara Ellen McEvers, daughter of Mr. and Mrs. Roy Mc-

Evers of Glasgow, who was a recent graduate from a school of mortuary in St. Louis and who is serving her internship at the Danner Funeral Home in Winchester, went to Chicago Monday where she will write on her state board examination on Tuesday.

Bible School Cancelled
The annual Vacation Bible school, a two weeks' session for children, that was to have been conducted at the local Baptist church this summer, has been cancelled due to the nearness of the opening of school and other unavoidable delays. The local grade school will start the 1949-50 term Monday, Aug. 23.

Brother-in-law Dies
Mrs. J. H. Edwards was called to Elgin Tuesday by the death of her brother-in-law, LeRoy Brush, 65-year-old Elgin resident, who succumbed Sunday from an injury to the muscles of his heart, caused while attempting to lift a heavy battery only a few days ago. He had since been in a critical condition, being kept in an oxygen tent.

The village street running west between the Tracy Anson and Chas.

Wilson homes toward the Baptist church has been graveled the past week, thus giving another all-weather street into and from the church.

Quite a number from this community attended the picnics at Winchester and Patterson Thursday. Mr. and Mrs. Carl Thomas, who have been residing on the Wm. Watt tenant farm southeast of Winchester, moved the past week onto the farm property owned by Harold McEvers, south of Glasgow.

Former Carrollton Girl Interviewed For Life Story

Carrollton — Miss Bea Conlee, daughter of Mr. and Mrs. Thomas E. Conlee of this city, who is the secretary to Emil Schram, president of the New York Stock Exchange, has been interviewed by Ruth MacKay of the Chicago Tribune who wrote the interesting life story of Miss Conlee which was published in the Monday, August 8 Tribune.

Miss Conlee began her career as a teacher in Greene county schools and after studying stenography she was employed in the local Greene County Farm Bureau office until 1929. In a visit to Washington, D. C. she was employed by Rep. William E. Hull of Peoria. Miss Conlee held this position four years during Hull's term of office and was then employed in the office of the late Congressman Henry T. Rainey of this city.

There she met Emil Schram and was employed by him. At the time Schram was the chief of R. F. C. drainage levees and irrigation divi-

ions. Miss Conlee entered Schram's employ in 1933 and in 1941 when he received his present position as president of the New York Stock Exchange she accompanied him to New York where she is now employed.

Mrs. Wallace MacMullen entertained her club Monday afternoon. Mr. and Mrs. Frank Cowhick entertained at dinner Sunday at 6:30 in honor of their grandson, Bobbie Reid.

Mrs. Lucille Coultas and Mrs. Betty Cowhick are spending a week in the Ozarks.

Judge L. Allan Watt and Everett Marshall were in Springfield, Monday on business.

E. H. Miner was host to the Research Forum Monday evening. Misses Berna and Helen T. Miner

served lunch after the paper of the evening was given by Mr. Miner. Mrs. Bert Tankersley, Mrs. Addie Lorton, and Harold Lorton of Patterson, were calling on relatives in Winchester Tuesday.

Mr. and Mrs. Albert Hainsfurther are spending the week in St. Louis. Mr. and Mrs. Warren Breeding were in St. Louis Sunday and Monday of this week.

Mr. and Mrs. Earl Owings of Canton spent the week end with Mr. Owings's sisters.

Mrs. Ralph Foster, daughter Ann, and son, Samuel, of Watseka, Ill., have been visiting Mr. and Mrs. E. D. Smith of this city.

Mr. and Mrs. John Balsey of San Mateo, Calif., and daughter, Jacqueline, who were called here at the death of Mr. Balsey's father, Edward L. Balsey, left early Wednesday for their home in Calif.

Mrs. Allan Peak will entertain her club Wednesday afternoon.

BOSTON BEGINNING

American vaudeville had its beginning in Boston, Mass., in 1833, when a former circus performer, Benjamin F. Keith, opened a small museum and show next to the old Adams House in Washington street.

Sterilization laws are in effect in 25 of the 48 states.

ALL PART OF THE TREATMENT—Part of the treatment of polio involves keeping the patients happy. Melvin Dunn, left, assistant superintendent of St. Luke's Hospital in Kansas City, Mo., has developed an unusual angle on the therapy. He interviews the polio patients and then broadcasts the recordings over the air as a unique public service program. The patients are interested and parents and friends are relieved to hear the voices of the quarantined children. Here, 20-month-old Rex Hull tells what it's all about as he speaks into the mike. Fred Benson, 13, eagerly awaits his turn at right.

Standley-Vorhes Families Attend Annual Reunion

The sixteenth annual reunion of the Standley and Vorhes families took place Sunday at Nichols Park. Following the basket dinner, an election of officers was conducted and the report of the secretary submitted.

Several Hundred Attend Patterson Charitable Picnic

Patterson—Several hundred persons attended the annual Patterson picnic, held last Thursday for the benefit of the Pine Tree, Patterson and Rawlins cemeteries. The Good weather prevailed throughout the day and evening, making it possible for people to come from far and near. Several hundred pounds of fish and chicken were consumed.

Merle Mackey, of Roodhouse, was present with his amplifying system and furnished music. A program of several songs and musical numbers, and several contests furnished the entertainment for the afternoon. William H. Dyer of Hillview, who is nearly 90 years of age and his wife, received the prize for the longest.

Mr. Dyer then favored the audience with a song. A magician from St. Louis, and the White Hall high school band, furnished entertainment for the evening.

Surplus food was auctioned by Mr. Bert Walls of Manchester, at the program.

Customers' Corner!

When you ever noticed the date stamped on each carton of A&P eggs? It is put there to protect the quality and freshness of this perishable item.

An egg that is Grade A when it is inspected and packed could become Grade B or C by the time you buy it if it has been improperly or slowly handled.

We don't want that ever to happen to an A&P egg. We never sell eggs more than a few days after grading over though we know they will stay fresh longer. Each carton is dated, and eggs unsold by the shown date are removed from sale even though they are still of good quality.

If you should ever find that any of our egg cartons bear old dates or that any eggs fail to live up to our high quality standards, please tell us about it. Please write: Customer Relations Department, A&P Food Stores, 420 Lexington Avenue New York 17, N. Y.

Hamburger is

A GOOD AMERICAN WORD MEANING

Ground Beef

Homemakers Everywhere Applaud A&P's Standards Which Assure HAMBURGER THAT IS ALL BEEF... FRESH, LEAN, GRAND-TASTING, and EXTRA THIRTY!

Hamburger can be made to sell at any price. Why not, when it's so easy to toss in fat pork and lamb trimmings, etc. But note this well: A&P POLICY DOES NOT PERMIT THE USE OF ANYTHING BUT BEEF FOR HAMBURGER. Here's what you get at A&P:

1. ALL BEEF, freshly ground many times a day.
2. EXTRA LEAN - Minimum amount of fat. This makes MEAT in your cooking pan, instead of excess grease (which cooks out of overly-fat hamburger).
3. Fine fresh beef flavor. Wonderful for meat patties and meat loaf.

"SUPER RIGHT" GROUND BEEF

Don't expect to find hamburger at two or three different prices at A&P. We have only one "SUPER RIGHT" grade, as described above. We have only one economical price. That's why A&P ground beef is your best buy everytime.

"SUPER RIGHT" ROUND STEAK
Full cut, the heart of the round. No tough heel portion. Fat in excess of 1/2 in. removed by "Super Right" trimming before weighing. **LB. 86c**

Jersey Co. Man Puts Quietus To 3 Rattlesnakes

Jerseyville—Henry Busch, who resides on a farm in the vicinity of the Reddish ford in northern Richwood township, was in Jerseyville Saturday and reported that he has killed three rattlesnakes in the locality where he lives during the past several weeks. One of the largest of the three snakes, a timber rattler, of considerable circumference and forty inches in length, was killed the past week by Busch.

Another large rattler was seen on an adjoining farm which is operated by Orville Fraley. The latter was driving a tractor doing some farm work when he discovered the rattler coiled near the path of the machine. Fraley swerved the tractor and ran over the reptile, but the weight of the machine was not sufficient to crush the snake. The rattler crawled away and escaped into a neighboring patch of brush.

Busch reported the rattlers have been more numerous this season than for a number of years in the Reddish ford vicinity. The snakes come from the limestone bluffs across the county line in Greene county, he reported.

4-H CLUB NOTES

Virginia — The Philadelphia 4-H club held its regular monthly meeting Monday night at the home of Carolyn Franklin, and Reginald Jokisch. The state and county fair offered the main topic of the meeting.

Talks were given by the following people, Reginald Jokisch, Richard Fanning, Lewis Webster, Robert Jokisch, Maryruth Ohn, Merle Fox, Harlin Adkins, and Betty Dicky. Delicious refreshments were served and the meeting was adjourned.

Ford's theater, where Lincoln was shot, still stands in Washington, although it is no longer used for theatrical purposes.

SHIRLEY E. HOOTS

Shirley E. Hoots, Seaman, U. S. Navy, of Jacksonville, is pictured holding the 10th Naval District Championship trophy for softball. Hoots is a member of the Naval Operating Base, Roosevelt Roads, Puerto Rico, team that clinched the District title by licking the San Juan area team in a three out of five game series.

In the 13 games he has played this year, Hoots has scored 8 runs and driven in 5 more. He plays 2nd base and has a batting average of .275.

The Roosevelt Roads team is enroute to Norfolk, Va., aboard the Navy transport, USS President Adams, for the Middle Atlantic Group playoffs beginning August 14. From these contests will emerge the teams that will oppose a similar group from the Pacific for the All-Navy crown.

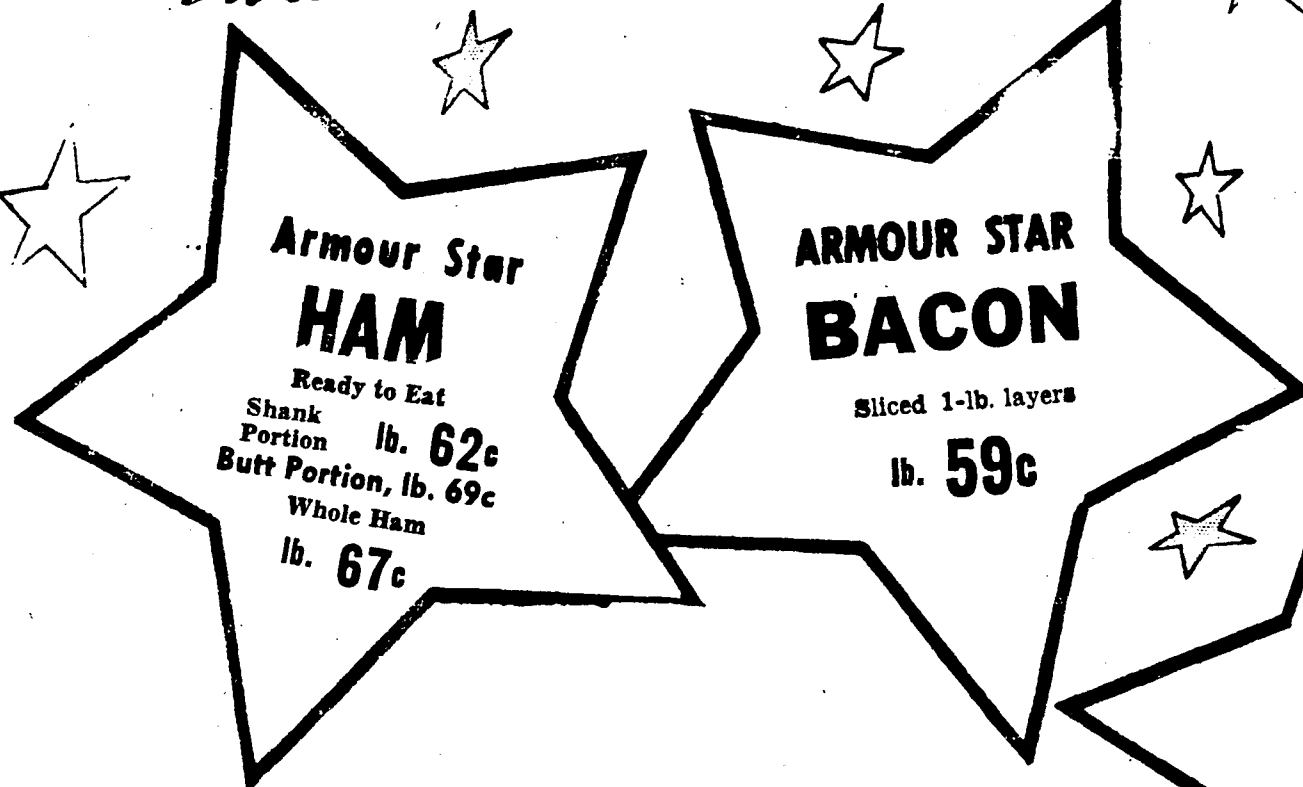

Hoots is the son of Mr. and Mrs. Edward Wilson who reside on Winchester route 1. He enlisted in the navy in 1948 and was given recruit training at Great Lakes, Ill.

Easy way to carve your Mayrose Ready-Serve Ham

1. Cut 3 or 4 slices off the thin side of the ham.

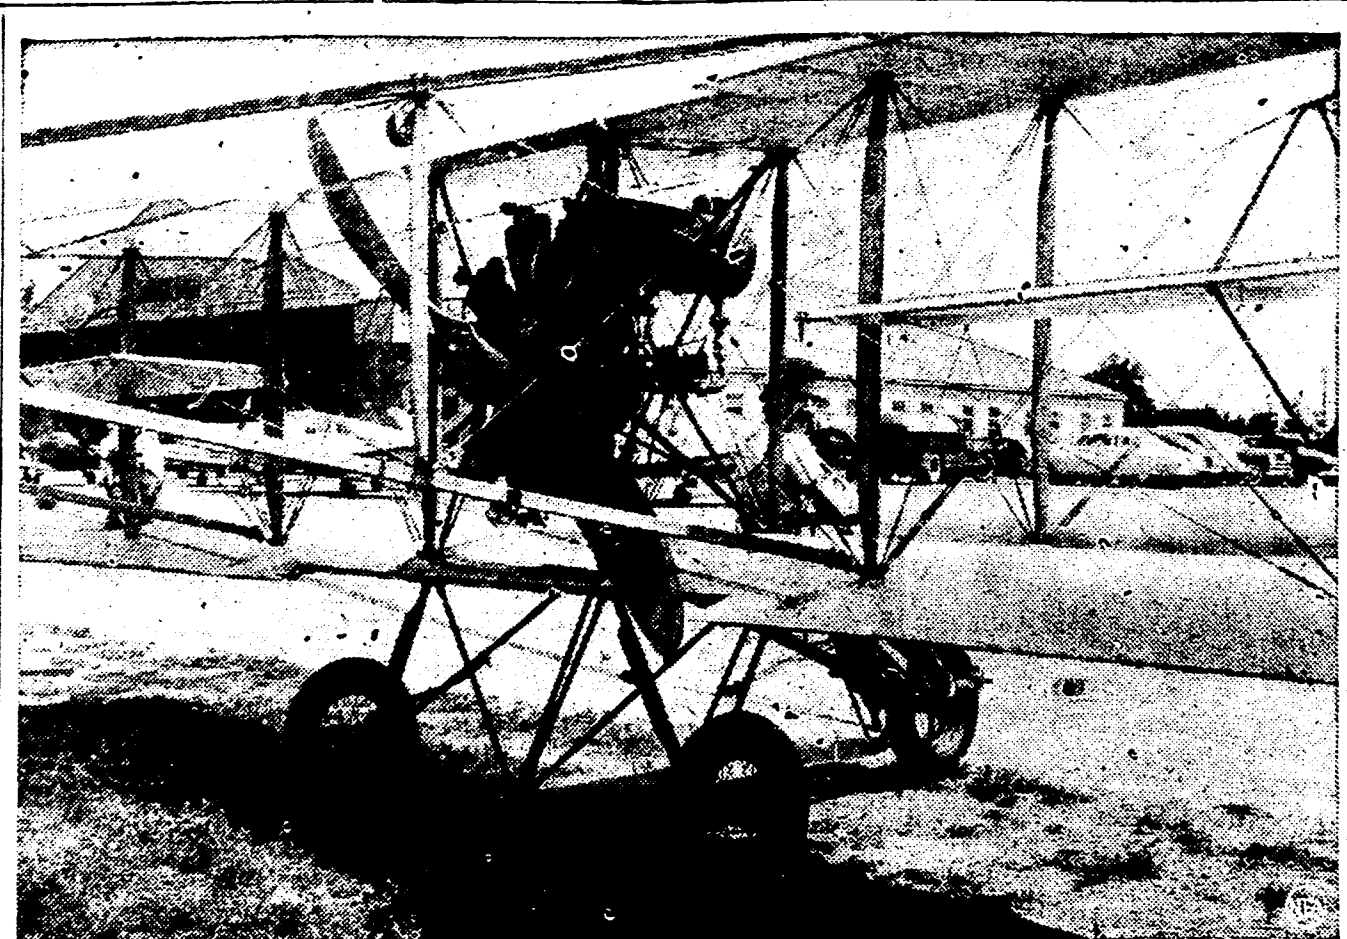

2. Push the fork firmly into the large end and grasp the shank to turn ham so it rests firmly on the cut surface. Make a straight cut down to the bone. Cut out a wedge-shaped piece.

3. Starting at the wedge, cut slices of desired thickness down to the bone. Continue slicing toward large end.

4. Insert the knife at the wedge-shaped cut and, with knife parallel to platter, cut along bone to free the slices.

NOTE: There's no need to save these instructions. You'll find them right on the wrapper of every Mayrose Ham.

THE CAA OKAYED THIS ONE—At Cleveland, O., airport, flight instructor Joe Smith prepares for a test hop in a replica of Lincoln Beachey's 1915 model biplane. The plane was built by mechanic Bert Dudek in his basement. CAA inspectors granted Dudek a registration certificate for the craft.

POLIO-COPTER—Last year there wasn't a single case of polio in Springfield, N. Y. This year there were six. To prevent any more, the town of 3000 hired a helicopter to cover its swamps, stagnant pools, backyards and river with an aerosol fog containing DDT. The fog, forced into mosquito-breeding places by the powerful downdraft of the copter's main rotor, killed off the town's mosquito and fly population, and, residents hope, any further polio.

Boyle's Column

Twenty Years And 20,000,000 Words

By HAL BOYLE

New York. (AP)—Carlton E. Morse is a pleasant, balding man of 48 who bakes his own bread.

He also eats steak and potatoes for breakfast—seven days a week—and believes he makes the best apple pie in America.

"It's an apple pie with pears in it—and a little dash of rum," he explained.

Morse is better known for his skill at the typewriter, however, than his skill with the skillet. Since 1929 he has turned out 20,000,000 words of radio drama.

His most durable breadwinner has been "one man's family," a weekly NBC half-hour program he has written, produced and directed for 18 continuous years. Morse believes this as a record for this type of dramatic serial.

Story Of American Family

The program tells the trials, tribulations, and victories of an American family—Henry Barbour, a retired stockbroker, his wife, Fanny, and their offspring. It has gone on so long it makes "Abe's Irish Rose" and "Oklahoma" seem like one-night-stand tent shows.

"When I started there were only seven characters," said Morse. "Now there are 18 active characters, and I'm in the third generation of the family."

He is proud that six of the seven actors who appeared on the first broadcast of the program still play their original roles. Members of the live casts have had a total of 22 children during the 18 years. Morse and his wife, Patricia, are childless.

"The program is really an idealization of my husband's own family," said Mrs. Morse. "This father and mother are a wonderful couple. They just celebrated their golden wedding anniversary."

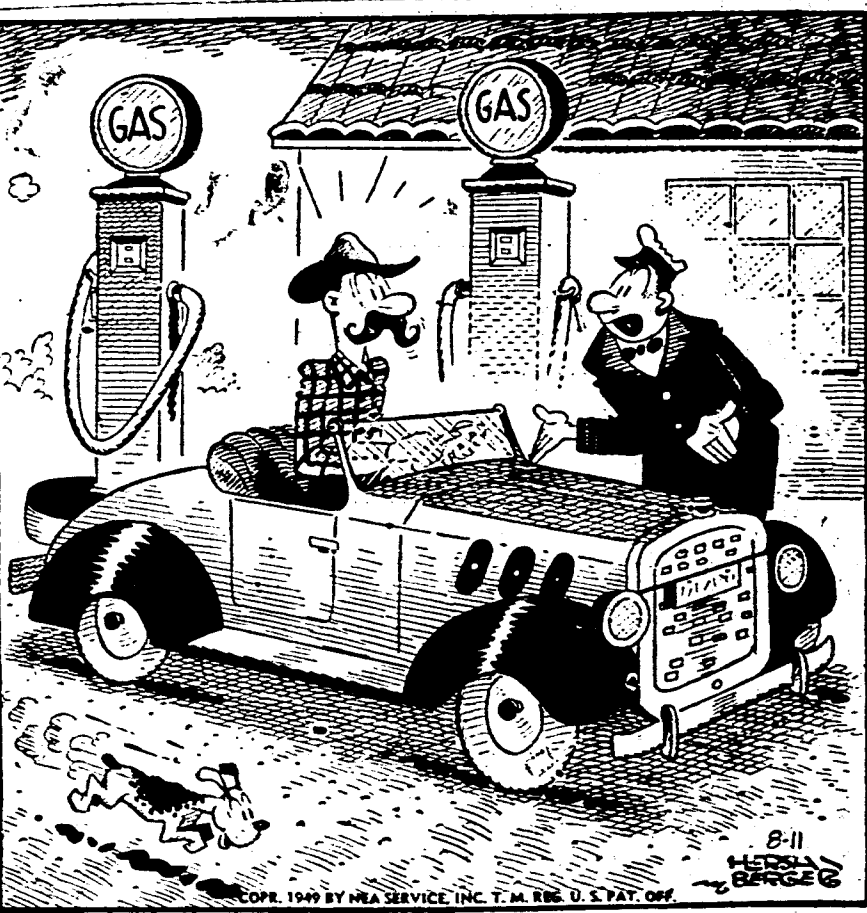

He's A Swift Writer

Morse rises every morning at 6:30 and cooks breakfast. By seven he is at his typewriter. He is a swift writer. By 9:30 he has finished his stint for the day. It takes him two mornings to write the weekly program, and his mythical family has grown so large he needs a chart now to keep the relations straight.

"Four years ago I killed off one of the characters in an auto accident,"

Pittsfield, Quincy Teams Win Berths In Sectional Semi-Finals

Semi-finals Tonight
House of Clay vs. Myers Bros.
(7:30 p.m.)
Pittsfield vs. Quincy Am. Legion
(8:45 p.m.)

The Pittsfield and Quincy American Legion softball teams became the second half of the big four in the Jacksonville sectional tournament last night when they dropped the local Implement Dealer and Winchester V.F.W. clubs from the running with narrow victories.

By taking wins from their worthy opponents, the two victors won the right to oppose each other in the second semi-final contest tonight. The House of Clay and Myers Bros. will clash in the first battle at 7:30 this evening.

Four was the magic number for last night's winners. The Pittsfield softballers, behind the steady twirling of Phil Casteel, shut out the Dealers 4-0 in the first game to enter the prize winner's circle.

Wild Second Game
In a rough and hectic second tussle, the Quincy Legionnaires notched a 4-2 win over the Winchester V.F.W. Bob Gordon, Quincy pitcher, was nothing short of sensational in this bout, fanning 15 Scott county batters, and limiting the Jacksonville district champs to two hits.

Charley Hatfield, Winchester second baseman, was the only losing hitter who could solve Gordon's offerings. The chunky keystone artist singled in the second and fourth innings to ring up both Winchester hits.

The two veteran sponsored ball clubs posted the real battle of the night. Quincy tallied a pair of runs in the opening round, but the Win-

Pirates Edge Chicago Cubs 3-2

Chicago, Aug. 11—(P)—Pittsburgh whipped the Chicago Cubs, 3 to 2, to capture the rubber tilt of their three-game series today. The Pirates capitalized on a fielding miscue by Frank Baumholtz in the eighth for the decisive run.

With Walt Dubiel and Bill Werle in a 1-1 deadlock, Stan Rojek opened the eighth with a single. He was forced by Tom Saffell. Johnny Hopp followed with a hit to right that should have been a routine single. However, Baumholtz charged the ball and it got past him for a triple scoring Saffell. Hopp counted a moment later on Ralph Kiner's fly.

Giants, Braves Battle To 7-7 Tie Before Rain Begins

New York, Aug. 11—(P)—The New York Giants and Boston Braves had to settle for a 7-7 tie today when rain halted a potential Giant rally with Billy Rigney on second base and one out in the last of the eighth inning. Home runs accounted for all Boston runs. Ed Sauer smashed one off Adrian Zabala with two on in the fourth and Tommy Holmes hit a pinch homer off reliever Kirby Higbe in the sixth. Elbie Fletcher's circuit clout in the seventh ended the Braves scoring.

Register Mild Uprising
A rhubarb developed between Quincy and Winchester athletes in the second inning over a play revolving around home plate. The umpires soon squelched the disturbance and the two clubs settled down to playing some fast, hard ball.

Quincy pushed the two inning counters across the plate in their half of the sixth inning and managed to hold Winchester scoreless in the seventh to take the win. Rain threatened to cut the second bout short at several intervals.

Nothing can be said in memory of the favored Implement Dealers that would soften the blow of the shutout defeat administered by Phil Casteel and the Pittsfield aggregation.

Casteel scattered six Dealer bingles over five innings, while his mates climbed on Jack McNeely for a single run in the fourth and three big markers in the fifth. Each club committed two errors.

BY BOB MERRIS

Here is good news for aspiring young ball players in this area. The Springfield Baseball Club will conduct a three-day tryout camp at Lanchester Park beginning Thursday, August 25. Tryouts start at 10:30 a.m., and will continue until 2:00 p.m., each day with Jim Crandall, manager of the Springfield Browns in charge. All players 17 to 23 years of age who want to get into professional baseball are invited to attend. There is no admission charge nor fee of any kind.

New York may turn its back on Ezzard Charles' ability to wear the heavyweight boxing champion's belt, but their mouthpiece, the International Boxing Club, contributed greatly to the Cincinnati Negro's support when it kicked in \$18,598 as the champ's share of the Lesnevich kiddy.

Shirley May France, 17-year-old Massachusetts school girl, who aspires to swim the English channel, has been provided with a liquid steak dinner to fortify her stomach during the 21 mile endurance test. The American Miss has received multitudes of publicity prior to her swim, but no matter how eloquently her press agent may wax, he almost always fails to mention how other channel swimmers fared after their dip and how and where they wound up. Methinks, Shirley's knight of the typewriter possibly can't find the proper adjectives to explain why her predecessors either became stone deaf or were committed to mental institutions in the years following their exhibitions.

What sort of desire perpetuates such a motive? Why should swimmers knock themselves out for 21 miles trying to batter through choppy seas just to see his or her name in print? Sure, she'll be bestowed with honors and maybe a few dollars, but for how long? Possibly a year, before she is relegated to a has-been, maybe a deaf or insane one at that.

Long distance swimming of that type certainly isn't an ideal spectator sport. About all the fans can do is sit on the shore and cheer mightily for Shirley after (if) she gets within a hundred yards of the finish line.

Speaking of a spectator sport, Jacksonville has struck a bonanza in that department. The sectional softball tournament is attracting huge crowds from Mt. Sterling, Pittsfield, Quincy and Winchester as well as the home port. Yesterday afternoon's downpour failed to dampen the diamond enthusiast's spirits as they turned out en masse for the final first-round tussles at Nichols park.

With the Recreation Club and A.S.A. officials doing a top drawer job of managing the lesser tournaments at the Southside park, and with the fine crowds that have effected the gate during such meets, this corner believes that it's about time to start the ball rolling to get a state tournament back into Jacksonville. The Southside park is one of the finest softball grounds in the state and offers every facility that a state finalist could expect. Centrally located and with a seating capacity of 3,000 and upwards, no fans would be turned away and yet, the gate receipts would more than fulfill A.S.A. officials' expectations.

Harry Caray, popular Cardinal baseball announcer, will think twice before he shouts "Holy Cow" on the air again. At booster festivities in Quincy, Illinois, last night, Harry was presented with a genuine bovine by admiring Gen. City fans. The Quincy Herald-Whig reports that Harry gave the cow back to the farmer, but kept the cow-bell. From now on, when Harry becomes effervescent over a Redbird home run, he'll shout, "It might be, it could be, ding-a-ling, ding-a-ling." Saves wear and tear on the lungs.

CHICAGO LIVESTOCK MARKET REPORT
Chicago, Aug. 11—(P)—Hogs and cattle were steady to 25 cents lower today and sheep steady to 50 cents less. Trading was slow throughout except on choice steers.

Most good and choice butcher weight hogs received \$21 to \$23.35, the top going to \$23.50. Sows went at \$15 to \$20.50 and a top of \$21.25. Two loads of high-choice steers were the cream of the market at \$28.75, most choice taking from \$27.50 to \$28.50. Medium to high-good steers ranged from \$22 to \$27 and good to low-choice heifers from \$25.25 to \$27. Good cows ranged downward from \$19, sausage bulls from \$21, and choice vealers from \$27.

The day's extreme peak on native lambs was \$23.75 but late in the trade the practical top was \$23. Ewes ranged downward from \$8.50. Salable supplies included 8,000 hogs, 4,500 cattle, 400 calves, and 1,000 sheep.

ALL GRAINS DECLINE WITH CORN SETTING PACE ON DOWNTURN
Chicago, Aug. 11—(P)—All grains fell back on the Board of Trade today with corn setting the pace on the downturn. Weakest contract was the September yellow cereal delivery, which fell around 2 cents at times and showed little rallying power.

Selling in corn followed news of widespread, heavy rains over much of Iowa and Illinois overnight and this morning. The rains outweighed an Agriculture Department forecast of a smaller corn crop than expected as a price influence.

Grain men said the moisture should halt deterioration in both corn and soybeans. There had been some buying recently on reports of damage to both crops because of dry weather.

Receipts were: wheat 22 cars, corn 141, oats 40, rye 9, barley 23, soybeans 19.

Wheat closed 1-1/2 lower, September \$2.03-1/2, corn was 1-1/8 lower, September \$1.23-1/2, oats were 1-1/2 lower, September \$5-1/2, rye was 2 to 2 1/2 lower, September \$1.49, soybeans were 1 to 2 cents lower, November \$2.36-1/2-237, and lard was 10 to 20 cents a hundred pounds lower, September \$12.62.

MAIL SMUGGLING IRKS SIAM
Bangkok—(P)—The Bangkok mails come through these days choked with smuggled cigarettes. Authorities estimate that the Thailand (Siamese) government loses \$50,000 annually through non-payment of import taxes and duty stamps.

Heafner Shoots 66 To Lead 1st Round Of World Golf

Chicago, Aug. 11—(P)—As favorites faltered, hefty Clayton Heafner banged a six-under-par 66 for a one-stroke lead in the first 18-hole round of Tam O'Shanter's \$35,200 carnival, the "world" championship of golf.

Heafner, a runner-up in the 1949 National Open, whipped around Tam's par 36-36-72 in 33-33 using 33 puts for his one-stroke margin over Henry Ransom and Johnny Palmer, who had 67's.

The day's biggest disappointment was defending Champion Lloyd Mangrum's collapse for a whopping 76, four over par. The year's top money-winner, Slammmin' Sammy Snead, also was somewhat lackluster with an even par 72, some 30 places behind Heafner.

The scene of a \$10,000 top prize in the 72-hole scramble, however, generally had the boys crowding close behind Heafner.

Four players were bracketed at 68, two strokes off the pace. In this quartet were Jim Perrier, who fizzled a chance to take the lead when he failed to better par on the back nine after an opening 32; Ed Furgol, the kink-armed veteran from Pontiac, Mich.; Jim Turnesa of the famed golfing family; and Dick Metz.

Baseball Council Votes To Repeal The Bonus Rule

Chicago, Aug. 11—(P)—The major-league baseball executive council today unanimously voted to repeal the much discussed bonus rule.

Walter Mulbry, secretary of the council, said the proposal for repeal would be submitted to the sixteen major league clubs and 400-odd minor league clubs for mailing voting immediately. If a three-quarters vote favors repeal the rule will be removed from the major-minor agreement.

Mulbry said it probably would be several weeks before the result of the balloting is complete.

The present bonus players will carry that tag until Jan. 1, 1953, Mulbry said. He added that major league officials, as well as minor leaguers, were generally opposed to the rule which allows bonuses of \$6,000 for the major leagues, and class triple A and double AA leagues.

The scale is sliding in the minor leagues.

Teammates Help Boy Injured While Playing Softball

Rome, N.Y., Aug. 11—(P)—Team-mates went to bat today for Ronald Closinski, as the 12-year-old boy spent his 94th day in a coma from injuries received while playing with the softball team.

The teen-aged Acme Junior team trimmed the Doyle's, 5-1, and raised more than \$1,500 for Ronnie's parents, Mr. and Mrs. Joseph C. Closinski, to help pay medical bills.

Ronnie collapsed May 9, after stealing two bases in a junior league game here. Excitement raised his blood pressure, causing an abnormal growth of blood vessels in the brain to burst, a hospital physician said.

It was Ronnie's base-stealing feat that enabled the Acme's to trim the Doyle's, 10-9, the day he collapsed.

Red Sox Defeat Yankees 7 To 6

Boston, Aug. 11—(P)—Boston's Red Sox won the game they believed was a "must" to keep in the American League pennant fight today when they downed the leading New York Yankees, 7-6, before a cheering throng of 30,818.

The third place Sox once again are within 5 1/2 games of the New Yorkers. Left Hander Mel Parnell, the Sox ace, pitched the final four innings in relief and, after a shaky sixth, quieted the obstreperous Yankee bats the rest of the way to win his 17th game of the year.

Dodgers Take NL Lead With 10-7 Win Over Phillies; Cards Idle

Philadelphia, Aug. 11—(P)—Pee Wee Reese's 14th home run, hit in the eighth inning with two on, gave the Brooklyn Dodgers a 10 to 7 victory over the Philadelphia Phillies and a clean sweep of the three-game series tonight.

The victory gave the Dodgers undisputed possession of first place with a half-game margin over the idle St. Louis Cardinals.

Before Reese's homer broke up the nip and tuck battle, Andy Seminick came through with his 17th and 18th home runs of the season for the Phils and Duke Snider delivered No. 18 for the Dodgers.

Roy Campanella, Brooklyn catcher, pulled a muscle in his back while slugging in the fourth inning and was taken to the Temple University hospital for an examination.

The Phils started off with two runs in the second on a walk, error, stolen base and an infield out. They counted twice again in the second on the first of Seminick's homers.

Brooklyn came back with three in the third. Dixie Donnelly walked one in and Jackie Robinson singled the other two across.

Seminick's second homer gave the Phils their fifth run in the fourth but Snider matched it with one on in the fifth to put the Brooks on even terms.

Willie Jones' double and Stan Holm's single sent the Phils out in front again in the sixth but the Dodgers counted twice in the seventh on Gene Hermanski's double. Bill Nicholson's single, Ed Ennis' double and Dick Sisler's fly tied it up for the last time in the seventh.

Steps to the Moon

By Adelaide Humphries

Copyright by Hillman-Curl, Inc. Distributed by NEA SERVICE, INC.

THE STORY: Gaynel Teare has been going with a young Detroit millionaire, Barry Fitzroy, but she has recently met another interesting young man, Fritz Freymann, who is far from being a millionaire. Gaynel is really the breadwinner of her family, which consists of her mother, Emily, who is always going into some new project; her brother, Denny, who never keeps a job, and her young sister, Pat, who is 14 years old. At present, Emily is backing the Little Theatre movement.

IV

SINCE that night, several weeks ago, when there had been that confusion about their meeting place—Barry claimed he had waited almost an hour in the Motor Bar—he had discovered a change in Gaynel.

If he but knew that the change was a careful young man by the name of Frederick Fitzroy Freymann. Barry might have become even more concerned. Wouldn't he have been shocked at her letting someone pick her up?

Oh, Fritz had "taken her places," as he had promised. They had gone out together a great deal since then, although she had not asked him to her home yet. He usually took her to places she had never seen before; or at least in a different way, like the afternoon at Briggs Stadium, chewing peanuts and gulping pop and yelling herself hoarse when the Tigers scored against the Indians. It had been more fun, sitting in the press box, with the click of typewriters and telegraph wires lending added excitement. But then, everything one did with Fritz was fun, was different.

"Come in," she called now in response to a knock at her door. She hoped it wasn't her mother Emily insisting that she come down. Having seen the "tea" well on its way, Gaynel had slipped upstairs, hoping for a shower and short rest before her dinner date with Barry.

She was relieved to see Pat. "Come on in, honey. I've just had my shower and I'm going to do my nails. What is it, Pat? You haven't been crying?"

"Yes, I have," Pat said. Her lips quivered, as though she might at any moment break forth again; her eyes, blue like Emily's, smoldered. "It's this new idea of Mother's—or rather of that hateful Melvin Mosby—I despise him!"

SHE drew her own face into a thunderous grimace. "Gay—I won't be an actress! I won't, I tell you! Make a niny out of myself before a lot of people. Paint my face. Mother says I'll have to. And Melvin, the worm, says I'll adore it. But I tell you before I'll act one single line in any of their nasty old plays. I—I'll kill myself!"

"Oh, come now, it isn't that bad, is it?" Gaynel tried to keep any amusement out of her tone or eyes. This was no laughing matter to Pat. The child had succeeded in working herself into a state about it. She was just at that terribly self-conscious phase—Gaynel remembered herself at that age—when she thought she would rather die than be a fool of.

"It's the worst idea Mother ever got! I mean it, Gay, I'll run away. I'll leave home."

Gaynel put her arms around Pat, drew her closer. "You mustn't let yourself get so worked up over things. Trivial things."

Pat said dully, "This isn't trivial."

"Learn to smile, to laugh at things."

"I can't laugh if they make me a fool of myself," Pat protested stubbornly.

"Then laugh back! But stop your worrying about that. You won't have to act, Pat, if you're

SIDE GLANCES

By Galbraith

"Come on, cut out the act! You know darn well if I let you loose you'd run home and hide under the porch!"

Pat's lips quivered. "It's this new idea of Mother's—or rather of that hateful Melvin Mosby—I despise him."

really set against it."

"I certainly will," Pat promised. The stubborn look was vanished, a radiant brightness taking its place.

SHE'S lovely, Gaynel thought. She's going to be very attractive some day.

"You can always come to me. Never forget that," Gaynel took the sweet young face between her hands. "Run along now, dear. I have to finish getting dressed or I'll be late."

"I think Barry's simply grand!" Pat said as she left. "I wouldn't mind having dates, or even getting married, if I could find someone as perfectly grand as Barry."

So Pat took it for granted that her sister was going to marry Barry, too.

Oh, dear! Someone else at her door. At this rate she'd never be ready. "Yes?" she poked her head from the closet. It was Denny this time.

"What you doing, Sis? Playing hide-and-seek? Are you too disheveled for me to enter your boudoir?"

"Of course not... come on in, Denny. Gaynel came out of the closet. "I was just trying to decide what to wear."

"And of course you haven't a thing. Not one rag. You women! Now a man—look at me!" He thrust fingers in vest pockets, threw out his chest. "I've worn this same suit day-in day-out for the last 20 months. I really will have to invest in new raiment, come the spring, I fear. ... That's what I came to chat about, my love." His grin, always engaging, took on a slightly sheepish tinge. "Always the same, sad mournful cry. You don't suppose, Sis, you could let me have a couple of nickels, now do you?"

"I don't suppose I should," Gaynel said, but she never could refuse Denny. It would be the only way to get rid of him. She was getting soft. This would be the

Greatest Crime Ever Committed Baffles Experts

One of the greatest and most puzzling crimes in the history of the county was perpetrated late several nights ago by a person or persons unknown. A complete crop of growing corn was stolen.

It all happened in the heart of the Illinois Corn Belt, probably the greatest corn growing area in the world. There were no reported witnesses.

Occurring on Route 36 near the Illinois School for the Deaf, the corn field was seemingly perfect as no clues have yet been uncovered, and the whereabouts of the thief are completely in the dark.

Richard Alred who took care of the crop said he'd been watching it progress with affectionate eyes, and to his knowledge it was the best ever grown in that spot. He was not covered by theft insurance.

When asked to estimate the number of bushels stolen, Mr. Alred exclaimed, "Bushels! Why there was only one stalk. It took root in the front yard, (1260 West College ave.) probably after a grain of shelled corn from a passing truck fell off in loose dirt on the boulevard."

Amen.

Local Art Association Has Been Active For 76 Years

By Robert E. Bradney

Most people around here can recall their first visit to an art gallery. Chances are it was to either the Strawn Art Gallery or to an exhibit shown by the Art Society of Jacksonville in some other exhibit hall.

Formed in 1873, and incorporated in 1875, the association has been active in numerous Jacksonville projects, among them the agitation for better laws to keep stock from roaming the streets. And though no more cows chew contently in someone's yard on West State street, the association is as active as in yesteryear.

According to "The History of Morgan County," the society was organized December 17, 1873 chiefly through the efforts, and at the suggestion of Mrs. Ella O. Browne, at that time teacher of drawing and painting in the Woman's college, now known as MacMurray.

Also instrumental in the formation was the college's president, W. H. DeMotte, father of the present president of the Art Association, Miss Amelia DeMotte, 211 South Fayette.

In the early days of the Association's existence, members went in for learned essays, which they read to other members at monthly meetings. One of these given by Mrs. Eliza Wolcott on the momentous subject, "French Paintings—Historical and Religious" made such an impression on Mrs. Lucie Sturtevant, the secretary, that she wrote in the minute book:

"... Mrs. Wolcott gives characteristics as shown in their language, history, literature and art as instability, frivolity, and volubility showing an intimate relation between French art and French history."

In other words, Mrs. Wolcott didn't think much of the French!

Many of the names connected with this early period of Jacksonville are also connected with the history of central Illinois. For example, Mr. and Mrs. Wolcott, Mr. and Mrs. H. K. Jones, (who gave the chapel at Illinois college which bears his name), Miss Susie Draper, Robert Hockenbush, Prof. J. H. Davis, Prof. Wallace P. Day, Miss Helen Ayers, (later Mrs. Helen Bullard), Mrs. Andy Smith, Will Davenport, D. D. Smith, Hugh Smith, John Johnson, and Prof. J. W. Pattison, only to mention a few.

Prof. Pattison remained in Jacksonville only 11 years, but his influence upon the association was very great. He was a prime mover in the campaign to "enforce the 'cattle in the streets' law, and to get better fences built. In a letter back to the Association after he had moved to Chicago to accept a position with the art association there, Prof. Pattison said:

"The city council decided to shut up the stock even if the sky fell and politics became topsy-turvy, and the instance the pledge was given to shut up cows, our delightful friend, Dr. Easter, corner, pulled down with his own hands the fence that surrounded Episcopal church. In less than 24 hours there was slaughter of innocent fences, though so many of the poor things were in precarious health, and thus the grass grew in Jacksonville. The people even bought lawnmowers!"

How many lawnmowers were sold before enforcement of the "cattle in the streets" law will never be known. By 1888 the character of the meetings changed somewhat, and the art association brought in outside talent to lecture. One such lecture that one wishes he had heard was given by W. N. French of the Chicago Art Institute. He spoke on "Smiles and Tears, or the Emotions Depicted in the Face."

More significant perhaps, the association was bringing in exhibits from Philadelphia, Cincinnati, and St. Louis. Jacksonville citizens were getting a chance to shed their mid-western provincialism for eastern provincialism.

On the 25th anniversary the members could look to real achievement.

Exhibits were now shown at the Female college, Female Academy, Court House, Ponzanski hall (now Brown's business college) and the YMCA building (now the Elks). And such people as Bronson Alcott, Ralph Waldo Emerson, W. T. Harris, T. J. Snyder and Thomas Davidson had brought the best in the 19th century to the corn-fertile prairie city.

It was in 1915 when the Art Association received its present quarters. Dr. David Strawn conveyed the Strawn home on West College to the association in fee simple absolute. In doing this, according to Miss DeMotte, Dr. Strawn was carrying out the intention of his mother, Mrs. Phoebe Strawn, for whom the house had been built in 1880 and whose home it was for a number of years.

In its three exhibitions rooms exhibits are now shown from leading art galleries throughout the United States. School children from the public schools and men and women from the two colleges use the exhibits intensively for study. Last year there was a new exhibit every month, and the same is planned this year.

Glasgow—The Glasgow Sportsman's Club made initial arrangements at its meeting Monday night for a fish fry for the public, to be held in the village park Friday afternoon and evening, Aug. 26.

The serving of fish will probably begin about 3 p. m.

Miss Shirley Pogue of Jacksonville is a guest this week of Mr. and Mrs. Millard McGlasson and family, west of Glasgow.

Mr. and Mrs. James Barnett of Peoria were visiting relatives in this community over the week end.

Mr. and Mrs. Jack Smith, daughter, Carolyn, Mr. and Mrs. Frank Orris and Mr. and Mrs. Bernard Orris and baby of Alton were guests Sunday of Mr. Smith's father, Alvey Smith.

The annual Pleasant Hill school reunion will be held Sunday, Aug. 14 in the Amos Savage grove, south of Alvey. A basket dinner will be served at noon.

Power Sprayer Reaches Highest Hospital Trees

Spraying of elm trees and rubbish dumps owned by the Jacksonville State Hospital is in full force, according to announcement Thursday afternoon by Col. John T. Taylor, business manager at the institution.

Special emphasis is being placed on the elm tree spraying.

The institution's large 750 gallon sprayer is being used on the trees. This shoots a stream 60 to 75 feet high and is capable of giving the high trees at the institution a good covering of the special chemicals used in the fight against elm disease.

At the institution's rubbish dump the fog nozzle was used. It required only 30 minutes to give the dump a good spraying.

The Jacksonville State Hospital spraying crew has just returned from Springfield and Lincoln where trees on the governor's mansion grounds and the Lincoln State Colony and Colony grounds were treated against the elm disease.

When the spraying work here is completed the equipment will be taken to Quincy, Peoria and Alton where state trees will be treated.

Plan World War I Veterans Reunion At White Hall

White Hall—Plans for a three day reunion here of the Field Hospital No. 33309 Sanitary Train 84, division of World War I veterans, are being completed by a committee with R. F. Barnett as chairman.

The reunion will be held Aug. 26-28, with a banquet Saturday evening, Aug. 27, at Griswold annex.

Cards have been mailed to all members of the division whose addresses are known. Favorable replies have been received from the states of Ohio, Pennsylvania, Kentucky, Virginia and Illinois, from which the unit was made up.

Anyone interested in attending is asked to contact Mr. Barnett.

Mrs. Opal Lindsey Of Near Prentice Dies Thursday

Mrs. Opal Levana Lindsey, 27, wife of Orville Lindsey, died Thursday morning at 7:15 at her home near Prentice after a short illness. The cause of death was reported to be intestinal influenza.

Mrs. Lindsey was born in Shoals, Ind., April 29, 1922, the daughter of Roscoe and Belva Archer Cooper. She was married to Orville Lindsey, Dec. 6, 1939.

Survivors include her husband; her parents, two brothers, William Cooper of this city, and George Cooper of New Berlin; three sisters, Mrs. Mae Lindsey of Pleasant Plains, Mrs. Jewel Sargent of Glenview, and Miss Helen Cooper at home.

The Lindseys had resided near Prentice six years. Mrs. Lindsey was a member of the Ashland Women's club and the Cass County Home Bureau. She attended the Ashland Baptist church, where funeral services will be held Saturday at 2:30 p. m. Burial will be in Pleasant Plains cemetery.

The body was brought to the Williamson Funeral Home and will be at the residence after 12 noon Friday.

Capt. Allan And Family On Visit

Capt. and Mrs. R. H. Allan and daughter Vicki, formerly of Jacksonville, are visiting relatives here. Capt. Allan has just completed a tour of foreign service in the free territory of Trieste, and is on a leave before reporting to the 4th Engineer advanced officers' course at Fort Belvoir, Va.

Mrs. Allan is the former Joan Gilchrist, daughter of Mr. and Mrs. G. Gilchrist of this city. She and Vicki have been with Capt. Allan in Europe for the past two years.

GLASGOW CHRISTIAN MISSION SOCIETY MEETS WEDNESDAY

Glasgow—The Glasgow Christian Missionary society met at the home of Mrs. Edith Jones Wednesday afternoon, with thirteen members and two guests present.

Roll call was answered with a verse of scripture from the book of Matthew, and a bouquet exchange. Devotional leader was Mrs. Lyla Drummond.

The lesson theme was "Work Among Mexicans." Papers were read by Mrs. Betty Jones, Mrs. Smith.

The meeting closed with a hymn and the Missionary benediction. During the social hour, humorous readings were given by Mrs. Marjorie Sherwin and Mrs. Betty Jones. Refreshments were served by the hosts.

The next meeting will be at the home of Mrs. Marjorie Sherwin, Sept. 14.

Chamber Of Commerce Gets Contributions For Purchase Of DDT

Karl Baker, secretary of the Jacksonville Chamber of Commerce, announced Thursday that contributions for the purchase of 25% DDT solution totalled \$19.80 the first day after the request was made for funds.

Another gift, that of five gallons of fly spray was presented to Mr. Baker. He stated that this will be given to all individuals who bring containers to the Chamber of Commerce offices—"as long as it lasts." The offices are located in the Gibson building.

The only condition to the gift, Mr. Baker said, is that the donee use it on his premises in the manner prescribed by sanitation authorities.

The spray is a gift from Bill Fanning and Jack Fleetwood, Texaco dealers in Jacksonville. The \$19.80 was received from individual members of the Kiwanis club.

Elsewhere in the city, contributions were made at various business houses where jars have been put. There was no estimate on this fund Thursday night.

In the meantime one hundred gallons of 25 per cent DDT mixture for spraying streets and alleys in the business district arrived Thursday, and will be mixed to make 500 gallons of five per cent spray material.

Will Begin Friday

Spraying is scheduled to begin Friday night. The street department went into action Thursday to give streets and alleys a thorough cleaning in readiness for spraying. The public is asked to cooperate by keeping streets and alleys free from all garbage or rubbish.

Spraying will be done with a power machine belonging to the park board.

The Morgan County Health Department and Chamber of Commerce are in charge of the work, which is expected to give additional protection against spread of disease.

Receive Contributions

Public contributions to pay for the DDT mixture are being received in containers which have been placed in numerous business establishments.

Clean-up activities in the business district will be the second major spraying job here this week. Last Monday the brook area and city dump north of the city, an area of about 200 acres, were given a DDT treatment.

Contributions may be mailed to the Chamber of Commerce or at any of the following business houses where jars have been placed to receive donations:

Long's Pharmacy, Elliott State Bank, Elm City Cafe, Hamilton's Cafe, Walgreen Agency, Drug Store, Farmer's State Bank, Mac's Drug Store, Rate Store, Steinheimer Drug Store, Dunlap Hotel, Illinois Power Company, and Illinois Telephone Company.

Mrs. East bequeathed an electric clock to Leona Fernandes, and an antique dresser and table to Elsie DeFries, both friends.

She directed that the remainder of her estate be converted into cash and divided into three equal shares. She left one share to Northminster church for its endowment fund; one share to the American Cancer Society for research purposes.

Leona Fernandes was appointed executor of the will, which was made on June 30 this year, witnessed by Coral G. Trabue and Bruce Thomson.

Mrs. Wood Ready To Defend Title For Fourth Year
